BLUE CRANE VINEYARDS

Ingredient QR codes for wine bottles

Print size: each QR is drawn at 16 mm × 16 mm (typical back-label size; do not print smaller than 12 mm).

EU rule: place the word INGREDIENTS next to the code (already printed under each mark).

Also print energy on the physical label, e.g. 100 ml: E = xxx kJ / xx kcal, and “Contains sulphites”.

Host the HTML files in elabels/ at the matching URLs on www.bluecrane.co.za.

Languages on the landing page: English, Spanish, French, German, Mandarin.

Supplier encoded in the destination page: Blue Crane Vineyards, P.O. Box 306, Tulbagh 6820.

Nutrition is calculated from SAWIS / WSR2A alcohol and residual sugar (FIC factors).
